/ ▤ 19) Recap lesson

19) Recap lesson

Agenda:

- **Q&A** about the Flask web app lessons.
- Checking if **deployment** of a Flask app with a database (to at least one hosting service) works for everyone.
- Working on **exercises/homework**.
- **Guess the secret number** game homework from lesson 18. It is **important** that everyone finishes this homework, because we will continue improving the game in the next lesson.
- **Last 30 minutes**: Instructor explains the **solution** for the "Guess the secret number" homework.
